Hyderabad, India

## PROFESSIONAL SUMMARY

---

React.js Developer with 4.7 years of experience building high-performance, real-time web applications for a multiplayer poker gaming platform serving 20,000+ daily active users. Specialized in WebSocket-driven live systems (sub-200ms latency), performance optimization (57% bundle size reduction), and cross-platform delivery (Android, iOS, Windows, macOS from one codebase). Proficient in React 18, TypeScript, Redux Toolkit, and modern component architecture, with hands-on experience integrating payment gateways and mentoring junior developers in an Agile/Scrum environment.

**Core Strengths:** Real-Time Systems (WebSockets/Socket.io) • Performance Optimization • Cross-Platform Delivery • Scalable Component Architecture

## TECHNICAL SKILLS

---

- **Languages & Frameworks:** JavaScript (ES6+), TypeScript, React 18, Redux Toolkit, Context API
- **Real-Time & APIs:** WebSockets, Socket.io, REST APIs
- **Styling & UI:** Tailwind CSS, Material-UI, Styled-Components, CSS Modules
- **Testing & Performance:** Jest, React Testing Library, Cypress, Lighthouse, Web Vitals, Accessibility (WCAG)
- **Tooling:** Webpack, Vite, Git/GitHub, CI/CD (GitHub Actions), Babel, ESLint, Prettier
- **Cross-Platform:** Cordova (Android, iOS, Windows, macOS builds)
- **Collaboration:** Figma, JIRA, Confluence, Agile/Scrum, Technical Documentation, Mentoring
- **Currently Learning:** Next.js, Node.js

## PROFESSIONAL EXPERIENCE

---

**Czar Gaming Pvt. Ltd.**

*React.js Developer*

**Hyderabad, India**

*Jan 2023 – Present*

- Architected and scaled a real-time multiplayer poker platform from scratch to 20,000+ daily active users using React 18, TypeScript, and Redux Toolkit.
- Built the WebSocket layer for live game events (player actions, table updates, notifications), sustaining sub-200ms end-to-end latency for concurrent users.
- Reduced bundle size from 4.2MB to 1.8MB (57%) and cut unnecessary re-renders by 30% through memoized Redux selectors, code splitting, and lazy loading.
- Shipped cross-platform builds (APK, IPA, EXE, DMG) from a single codebase using Cordova, cutting platform-specific development effort by roughly 60%.
- Designed a library of 15+ reusable React hooks (useGameState, useSocket, usePlayerActions) adopted across 20+ features, accelerating feature development by about 40%.
- Integrated Razorpay and Paytm payment gateways processing Rs. 50 Lakh+ (approx. \$60K) in monthly transactions at a 99.9% success rate.
- Rolled out multi-language support (English, Portuguese, Spanish) via i18n, growing the non-English user base by 40%.
- Built a test suite of 90+ unit tests with Jest and React Testing Library (85% coverage); maintained 95+ Lighthouse scores across Performance, Accessibility, and Best Practices.
- Mentored 3 junior developers through code reviews and pair programming; 2 were promoted to mid-level roles within 6 months.
- Set up CI/CD pipelines with GitHub Actions for automated testing and deployment, cutting release time by 50%.

- Built and maintained 10+ multilingual gaming websites, including Playbet, Rajpoker, RiverPoker, ClanSaga, and SouthRummy.
- Integrated 15+ third-party games via iframes, contributing to a 20% increase in user retention.
- Cut page load times by 35% through lazy loading, CDN integration, and image compression.
- Collaborated with product, design, and backend teams across cross-functional sprints to deliver features on schedule.

## FEATURED PROJECTS

---

### **Real-Time Poker Platform**

*React 18, TypeScript, Redux Toolkit, WebSockets, Konva.js, GSAP*

- Built the poker game interface with 60 FPS card animations, delivering sub-200ms live sync for 20,000+ concurrent users.
- Designed and implemented a scalable WebSocket event system handling 1,000+ concurrent connections.

### **Personal Portfolio & Component Library**

*React 18, TypeScript, Tailwind CSS, Storybook*

- Built a documented, reusable component library (12+ components) in Storybook with a responsive, dark-mode portfolio site.
- Set up CI/CD with GitHub Pages for automatic deployment; achieved 100% Lighthouse scores on Performance and Accessibility.

## EDUCATION

---

**B.Sc. MESC (Mathematics, Electronics & Computer Science)**

**2018 – 2021**

*SR & BGNR Govt. Arts & Science College, Khammam*

**CGPA: 7.32 / 10**

## CERTIFICATIONS

---

- **React – The Complete Guide** – Udemy (2023)
- **TypeScript Mastery** – Frontend Masters (2024)
- **Advanced React Patterns** – Egghead.io (2024)
